I got booted again because ‘German law’ didn’t like me asking Lindsay not to forget me. With a smiley face. In reference to getting booted yesterday for posting CDC/FDA data.

I was permanently suspended from Twitter yesterday. The offensive tweet that was the nail in my Twitter coffin was 100% truth. It was about Biden testing positive for Covid the second time and how that proves that the vaccine, Paxlovid, and big Pharma are all a scam. You’re not allowed to speak truth and I am quite angry about the censorship. Like - I am furious 🤡. I did absolutely nothing wrong and nothing I said was false. It feels like I have big giant hands over my mouth trying to suffocate me. I’m sure you feel the same. Ironically I was trying to share your sub stack from yesterday and when it wouldn’t post to Twitter I rebooted my phone thinking it was a phone issue. Nope. I was permanently suspended I’ll never forget the hot feeling I got all over my body from the shock of it. I had built my account up to almost 12,000 followers even though we know that numbers a joke. How are we supposed to get the truth out there when the social media platforms act like we are in China and MSM and big Pharma and the government are all in lockstep with one another???
